PROFESSIONAL EXPERIENCE

Citibank – New York, USA | *AVP, Data Analytics – Marketing* Jul 2022 – Present

- Led 15+ customer remediation projects to resolve 10K+ accounts and \$1.5M+ in corrected balances, and co-developed automation workflows that cut project turnaround from 6 months to 90 days
- Designed lifecycle engagement campaigns and gamified offers using behavioral analytics to deepen primary banking relationships, generating \$5M+ in incremental balances and activating 6.3K households
- Drove \$350K+ in annual deposit growth and reactivated 2K+ dormant customers through attrition analysis and funnel performance diagnostics using SQL and PySpark
- Modeled underbanked customer segments through white-space analysis for a Financial Inclusion initiative, supporting acquisition strategies projected to drive 27% YoY account growth
- Developed KPI dashboards and executive reporting frameworks on Tableau that improved campaign visibility and strategic decision-making efficiency
- Trained 2 analysts on customer segmentation and SQL workflows, accelerating onboarding and ensuring analytical consistency

Ruby and Roses – Indiana, USA | *Marketing Analytics Consultant (Capstone Project)* Jan 2022 – Jun 2022

- Identified high-value and 'At-Risk' customer segments for targeted remarketing through Python-based RFM churn analysis on Shopify customer data, improving retention by 5% and lifting marketing ROI by 20%
- Built forecasting and market-basket analysis models to optimize cross-sell recommendations and customer purchase strategies, raising average order value by 2X across the customer base

Purdue University, Chemical Engineering Department – Indiana, USA | *Marketing Analytics Intern* Nov 2021 – Jun 2022

- Established the department's first digital marketing analytics ecosystem using Google Trends and Salesforce-integrated brochure sign-ups to expand lead volume and improve lead quality
- Launched an A/B tested chatbot and email marketing drip campaigns, delivering 25+ student enrollments for the cohort

Eruditus Executive Education (Emeritus) – Mumbai, India | *Growth Marketing Assistant Manager* Apr 2020 – Jul 2021

- Owned customer acquisition strategy for UC Berkeley, Kellogg, and MIT Sloan programs; built multi-touch attribution and predictive enrollment forecasting models in SQL, reducing CAC by 30%
- Developed Power BI dashboards and marketing mix models combining demographic and socio-economic signals to optimize multi-channel spend allocation, contributing to \$3.5M in incremental revenue

Publicis Media – Mumbai, India | *Performance Marketing Associate – Paid Media* Jun 2018 – Apr 2020

- Managed B2B paid media across Google Ads, Search Ads 360, Meta, and Bing Ads; audience targeting and A/B testing drove 10x revenue growth and a 65% lift in website traffic
- Mentored 4 junior analysts on campaign auditing methodology and Agile client deliverable workflows; introduced a standardized weekly performance reporting template adopted across the team

EDUCATION

Purdue University, Krannert School of Management – MS Marketing (STEM Designated) Aug 2021 – Jun 2022

Mumbai University – Master of Commerce, Business Management Aug 2018 – Oct 2020
